

**PRESENTS**

**Capri – Boogie Man CD/Digital album ( Soul / R+B )**

“.....most people nowadays use huge samples to get anything this groovy, but with Capri - everything is real.”..... **Brian Poust- Uppers Organisation.**

“.....I can without reservation say that this is an outstanding record.”.....**www.deepfunk.org**

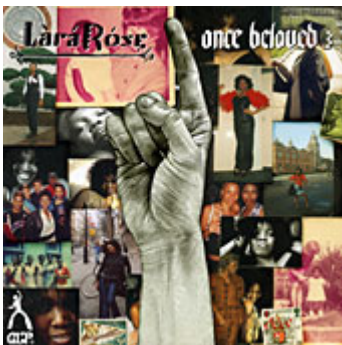

“.....Capri's incendiary live performances have to be seen to be believed” **Adrian Gibson - DJ Jazz Café, London**

Over the past nine years Capri have become one of the finest Funk / Soul bands in the world. Their tracks have been used internationally on television, film and have received much radio play and critical acclaim. Their brand new single “Barbarella” will be released in January 2008 with accompanying music video and the bands first live album is due to be released in March 2008. Capri's debut album “Boogie Man” is currently available from all major download stores, Amazon, CD Baby and <http://glp.caprimusic.co.uk>

**Out Now :-**
